BRYDON HOLSEY

MULTIMEDIA DESIGNER

I am a creative thinker who enjoys the problem solving aspect of piecing together a great design. As a graduate in Environmental Studies, I have worked hard to strengthen my design skills through online courses, collaboration with co-workers and many hours diving into Photoshop and Illustrator. In my free time, I enjoy creating invitations, stationery and marketing materials for individuals and small businesses.

EXPERIENCE

Electronic Tenant® Solutions | 2010 - Present

Multimedia Designer

- Create web responsive template designs and email templates for client approval
- Manage 60+ Projects contiguously
